1. Discuss the draft of the summary report

The NNR Committee discussed first draft of the text in the NNR summary report. The summary report will be the main report from the NNR Committee and will include all the conclusions. The Summary report will tentatively be announced for public consultation by the end of March. It was decided that the NNR summary report will be named "NNR2023 report".

2. Discuss summary tables for dietary reference values (DRVs)

All dietary reference values for all life-stage groups will be summarized in one table in the main report. In addition, the calculations for all nutrients will be available as an appendix. The NNR Committee discussed the first draft of this summary table.
