The official minutes are given as short summaries. The information given as bullet points are meant for the NNR2022 Committee only and will not be included in the official minutes.

1. Process for handling nutrient and food group chapters

The NNR2022 Committee have received the first draft of several of the food and nutrient chapters during the last months. The Committee have standardized the process for handling the chapters and have developed check lists for both the nutrient and the food group chapters after several rounds with discussions. Throughout the fall and winter, the NNR2022 Committee will discuss chapter drafts and comments from peer-reviewers as they are received. During the present meeting, the NNR2022 Committee discussed the first drafts of the chapters on; fluid and water balance, alcohol, iodine, vitamin A, vitamin K, calcium, riboflavin, thiamine, niacin, and choline.

All chapters will be announced for public hearing through the NNR2022 official web-page during the spring and fall next year (2022).

2. Discuss background paper on "Food and nutrient intakes in Nordic and Baltic countries".

The NNR2022 Committee discussed the first draft of the background paper "Food and Nutrient intakes in the Nordic and Baltic countries". Data from this paper will be integrated in food and nutrient chapters, were relevant. The paper will be submitted for publication in Food & Nutrition Research.
