1. Working plan for next week (Monday 5th – Friday 9th)

Rune presented a plan for the coming week up until final submission of the NNR report.

2. Miscellaneous topics

2.1. Use of the term Provisional RI instead of AI.

The use of these terms was discussed. All agreed to use the term “AI” in the report instead of provisional RI, in line with EFSA, NASEM etc.

2.2 Seminar in Reykjavik

The agenda for the scientific webinar at the launch in Reykjavik June 20th was discussed.

2.3 Response to the public consultations

Since the public consultation of the draft NNR report was launched, 267 comments were submitted. The general content of the comments and how they will be integrated was discussed.

2.4 Response from the Scientific Advisory Group

The Scientific Advisory Group has reviewed the report and given their comments.

3. Editing of the report

The sections *New DRVs for Nordic and Baltic countries*, *Principles for developing a framework for setting FBDGs in NNR2023* and *Science advice for setting healthy and environmental-friendly FBDGs ...* were reviewed.

4. Summaries (“one-pagers”) on nutrients

The summaries on nutrients were reviewed.
