Name and designation of issuing officer A.Johnson / Bergen Port Health Officer	Signature and seal	Date (dd/mm/yyyy) 08-Nov-2018
---	--------------------	----------------------------------

¹ (a) Evidence of infection or contamination, including: vectors in all stages of growth; animal reservoirs for vectors; rodents or other species that could carry human disease, microbiological, chemical and other risks to human health; signs of inadequate sanitary measures. (b) Information concerning any human cases (to be included in the Maritime Declaration of Health). Note areas not applicable, by marking N/A.

² Results from samples taken on board. Analysis is to be provided to ship's master by most expedient means and, if re-inspection is required, to the next appropriate port of call coinciding with the re-inspection date specified in this certificate. Sanitation Control Exemption Certificates and Sanitation Control Certificates are valid for a maximum of six months, but the validity period may be extended by one month if inspection cannot be carried out at the port and there is no evidence of infection or contamination.
