

# Checking COVID-19 certificates

## Guidance for organisers

Download the “Kontroll av koronasertifikat” app. You do not need to log in.

2. Select control type Domestic control.

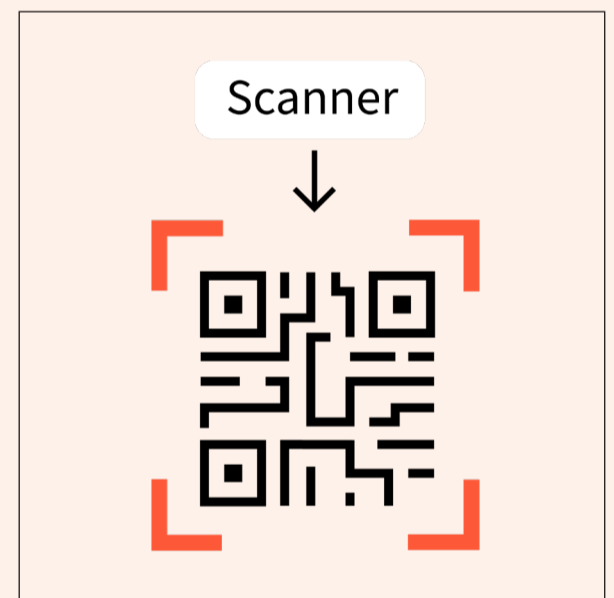

3. Ask the guests to have their certificate ready to be checked.

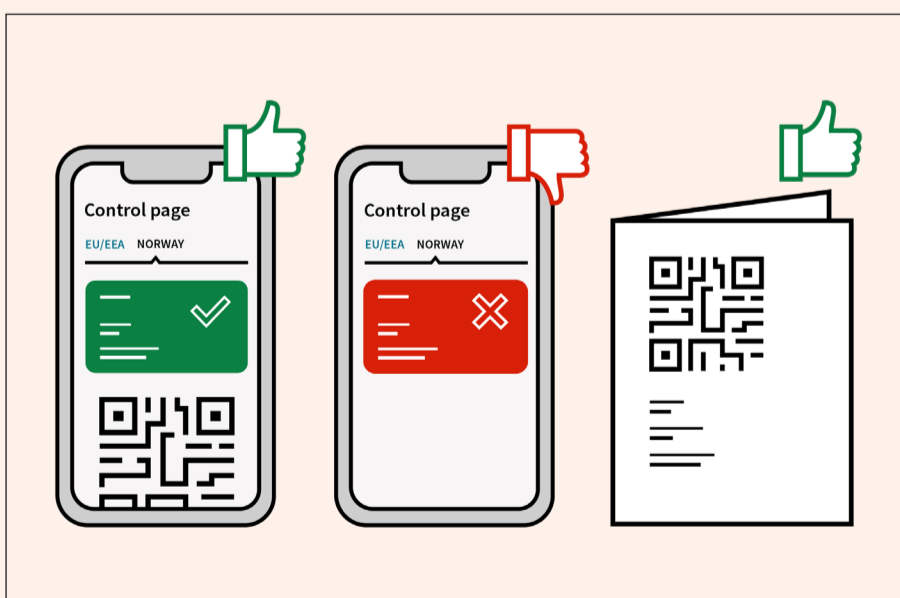

4. Ask the guests to show the control page, on the app or on paper.

5. Scan the QR code on the control page.

6. Press the scanner button and hold the scanner frame around the QR code in the certificate.

7. A green control page is valid.

**A valid certificate is required for entry. Remember the general infection control rules.**
